LEADERSHIP

H. MORGAN RUTH
Principal

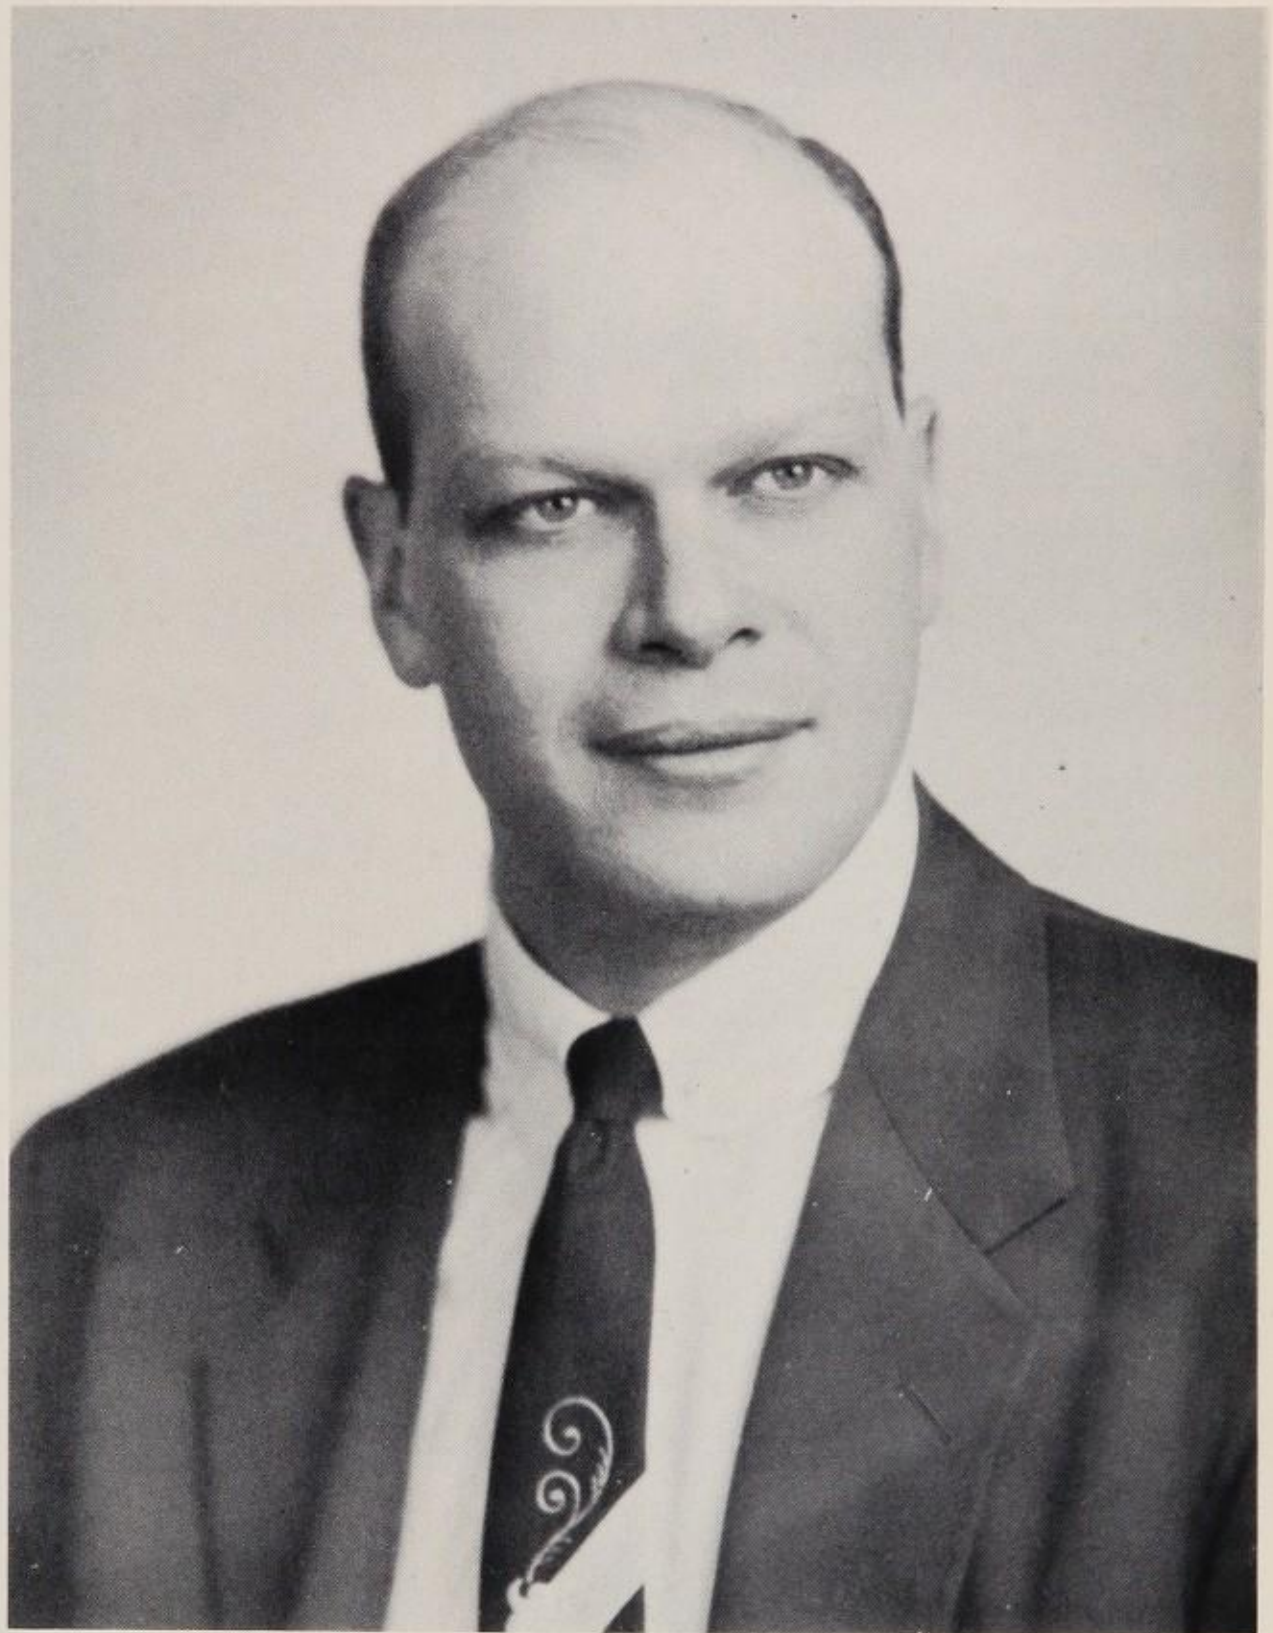

The right to sing what we like and the will to sing are parts of our American heritage. Probably no other nation has produced in such a short history such a wealth and variety of song. I hope that this class, which has completed a fine record of achievement in our school, will go out with songs on its lips and in its heart—songs of love, of courage, of faith, of humor—to build a stronger and more gallant nation.

My best wishes go with each of you for success and happiness in the future.

*Goodbye
luck,
from
Ben Karp*

The class of June 1955 is different, different with a distinction. I am grateful for that difference.

You have done more than any other class at Overbrook. You have left your mark—an improved lawn, a gift for a trophy case, a library at the Children's Heart Hospital—all of these are the permanent monuments of the class of June 1955.

The spirit of June '55 will guide future classes for years to come. You proved able to govern yourselves, run your class affairs, and, in general, to exercise intelligence and willingness to make things work out for the good of the class and the school.

This is my farewell to each and every one of you. Our three years cannot end here, but must be the basis for future meetings, good times, and wonderful deeds.

My best wishes for a life full of happiness, success, and concern for our fellow men.

Very sincerely,

Benjamin A. Karp

GO GET 'EM OVERBROOK

Alton Baum

BENJAMIN V. OGDEN—Head Physical Education Department

The greatest Treasure Hunt in the United States is the Hunt for Health. The American people spend over three billions of dollars each year on medicine in order to get back the health that they have lost through many forms of illness.

At your time of life you do not have to go on a treasure hunt for health. You probably have now, and within the next decade will have, barring accidents, the best health of your physical existence.

But *how* you live in this next ten years will set up the pattern of either good health extension or contraction.

While the tallest building in the world, the Empire State, in New York extends 1200 feet into the air it goes down some 200 feet below ground to solid rock. In building, the foundation is very important. In health, too, the *way you live* is the type of foundation for a higher degree of better and more enduring health.

The lessons you have learned in "gym and hygiene," if you follow them, may add years to your life expectancy. Good luck and good health to all of you.

BEN OGDEN

Wholesome Thoughts

Any message to graduates always seems to me to embody a two-way view—recognition of past accomplishment and a forward look to greater opportunity for achievement.

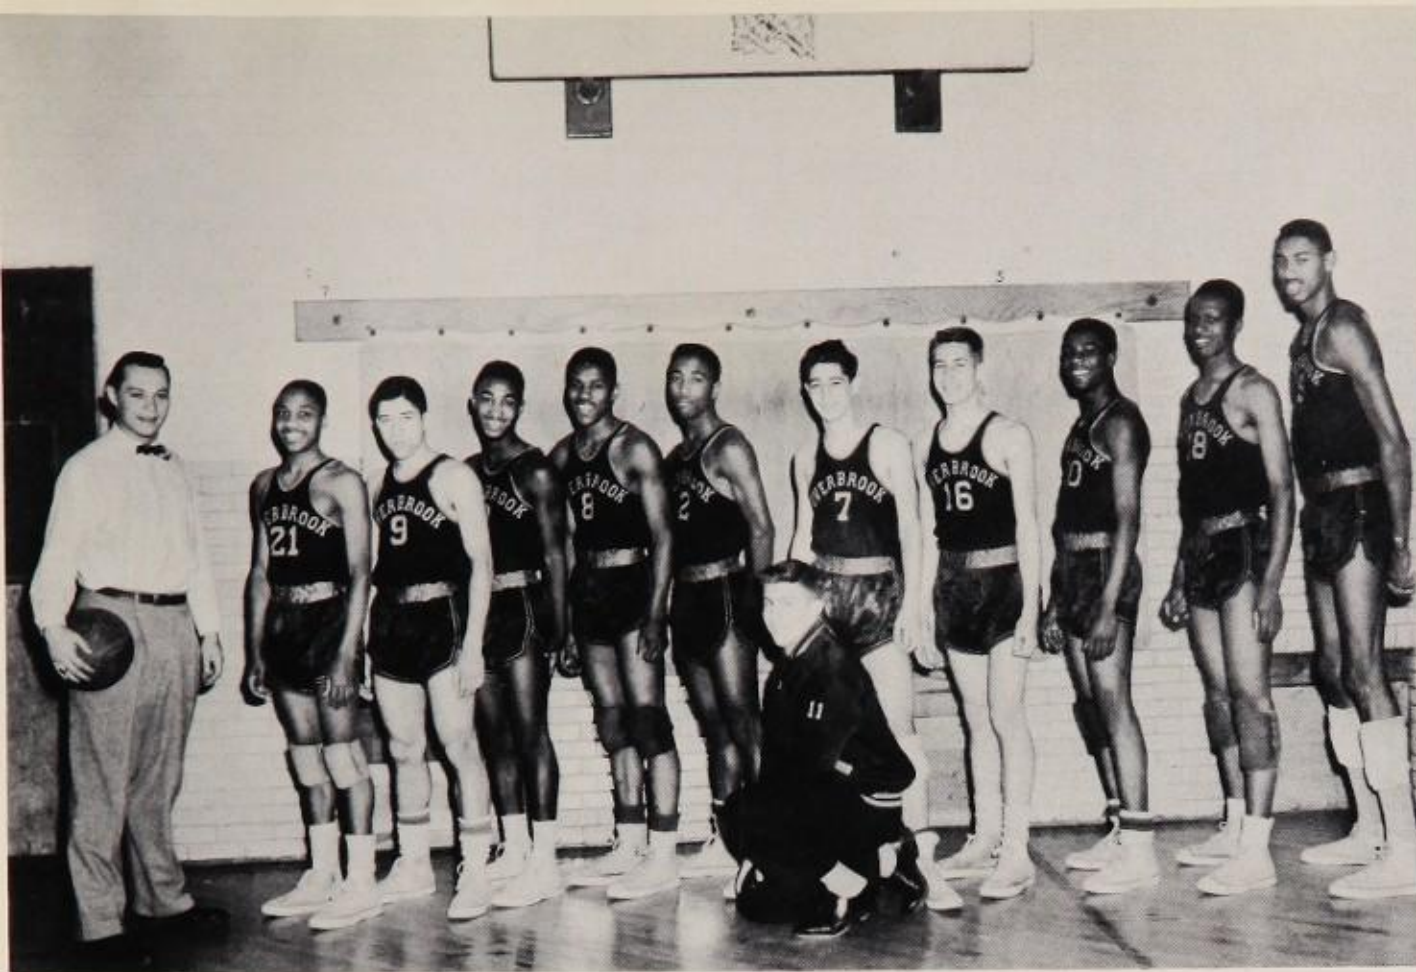

Congratulations to the June Class of 1955 on reaching your much desired and, it may seem, long awaited goal. Your interest and willing participation in a great variety of activities, both classroom and extracurricular, have contributed greatly to the welfare of Overbrook High School. It is always a pleasure to work with students who enthusiastically enjoy using their abilities not only for their own profit but also to help maintain a high standard of school citizenship.

Your Commencement will be a glorious occasion if thought of as an open door to greater service. May you know the true riches and happiness which come from within. May your contribution, in whatever you choose, bring the satisfaction of feeling that you have helped build a stronger and finer America.

With best wishes,
Sincerely,
FLORENCE ALLEN

VARSITY BASKETBALL SQUAD: Left to right: Coach Cecil Mosenson, Marty Hughes, Tom Fitzhugh, Simeon Jones, Howard Johnson, Ben Jones, Neil Glickman, Irv Jaffe, Gene Taylor, Vinson Miller, Wilt Chamberlain. Kneeling: Ted Wexler, Manager.

BASKETBALL

The class of June '55, during its three eventful years at Overbrook, has had the distinction of being associated with the most remarkable basketball team in the history of the school; its fame, particularly that of its seven-foot Captain, Wilt Chamberlain, has become international. They have won three Public League and two City Championships, but we measure the honor they have gained not only in trophies and titles; they are a collective example of a precise, cooperative unit and their exemplary sportsmanship has transmitted itself to the crowds wherever they have performed.

The boys on the team who represent the Class of June '55 are: Marty Hughes, an excellent ball-handler; Tom Fitzhugh, an outstanding and popular player; Howard "Biddy" Johnson, an excellent defensive man; Vince Miller, always a potential scorer; and Wilton "The Stilt" Chamberlain, one of the great basketball players of our time. Ted Wexler has been an indispensable manager. Deservedly, the squad leaves O.H.S. with many awards and an admirable record.

We owe a debt of gratitude to coaches Sam Cozen and Cecil Mosenson for their constant development and improvement of the squad.

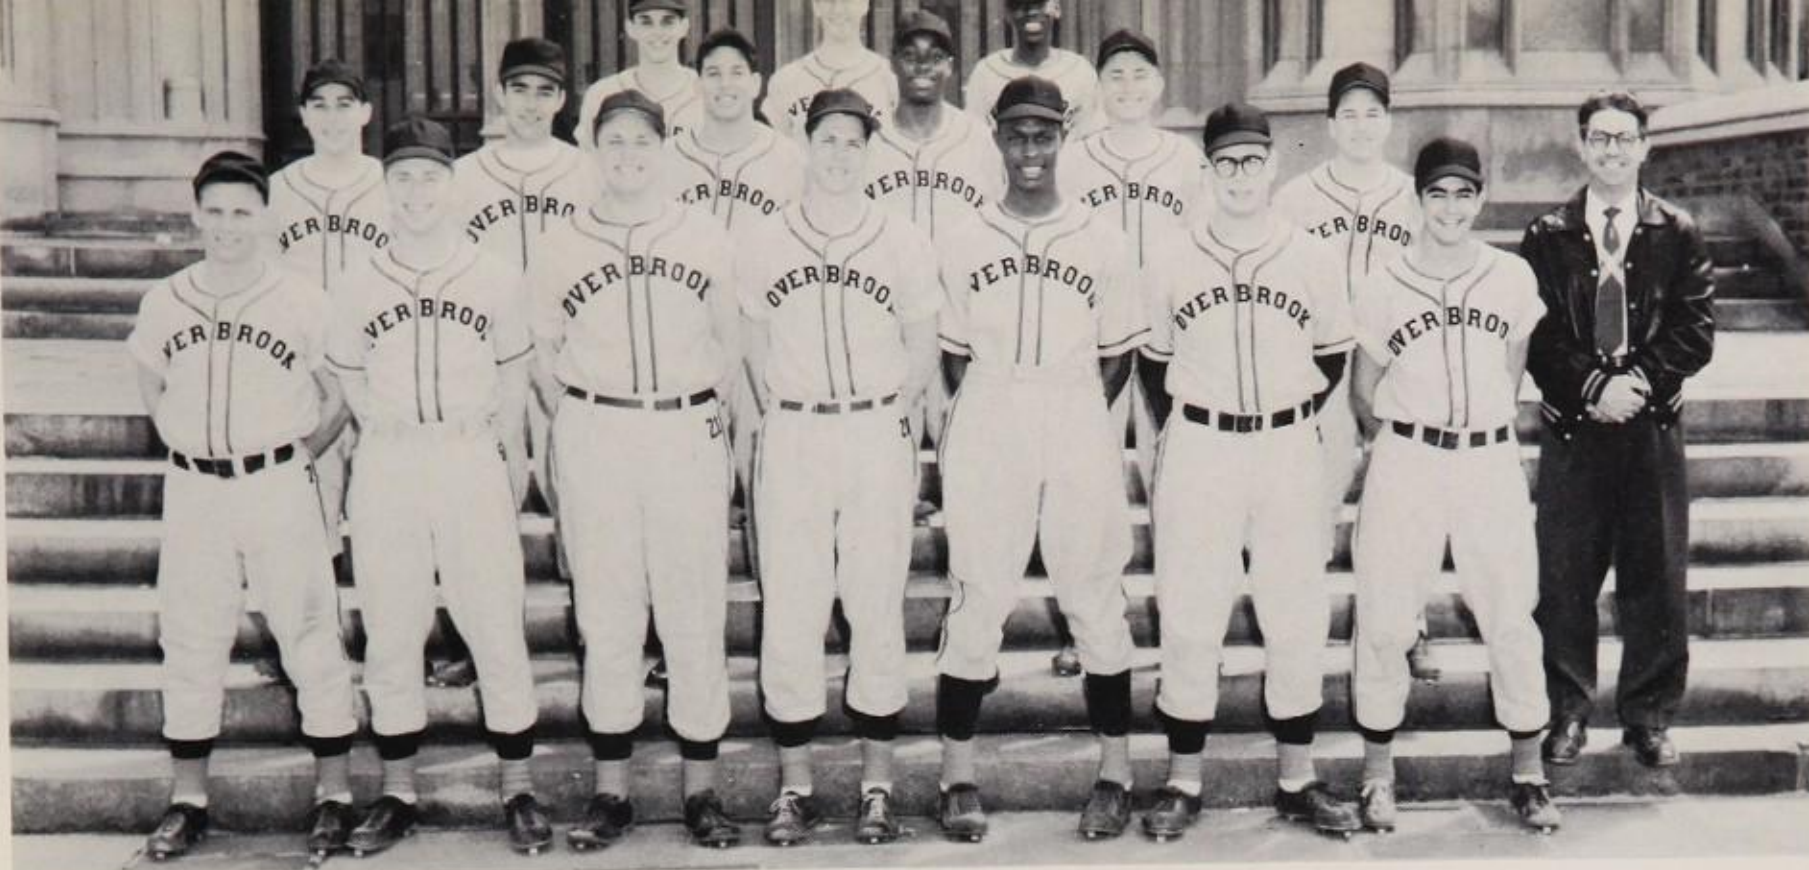

SENIOR MEMBERS: Left to right: Tom Fitzhugh, Howard Johnson, Wilt Chamberlain, Marty Hughes, Vinson Miller.

FOOTBALL

For the past three years Overbrook has fielded a football team, that even though it has not brought home all victories, has put its maximum effort into every game. You can be sure that when the games were over the opposition knew they had been in a hard-fought battle. Ed Vieth did a great job as coach of the team. In his second year as coach, the team won fifty percent of their games and within a few years they will probably have a few trophies to their credit. The boys have always played a clean game and have shown great sportsmanship. We have been honored by having them represent us on the football field. The boys who played from our class are: Danny Clarkson, who did a great job at halfback; Larry Colbert, who played excellently at guard; Jerome Jones, whose great ability was recognized at end when he made second team all-public; Mickee Kaback, who kept the team going at quarterback; Harry Powers, who made some excellent catches at end; Eddie Richards, who broke his arm in the beginning of the season, but who came back and made a great showing in the West Philly game; Charley Richardson, who played great at both quarterback and halfback; Ben Scott, whose ability was also recognized when he made second team all public, and Harvey Stern, who did a great job at halfback. All the boys did well in representing their school, their class and themselves.

SENIORS

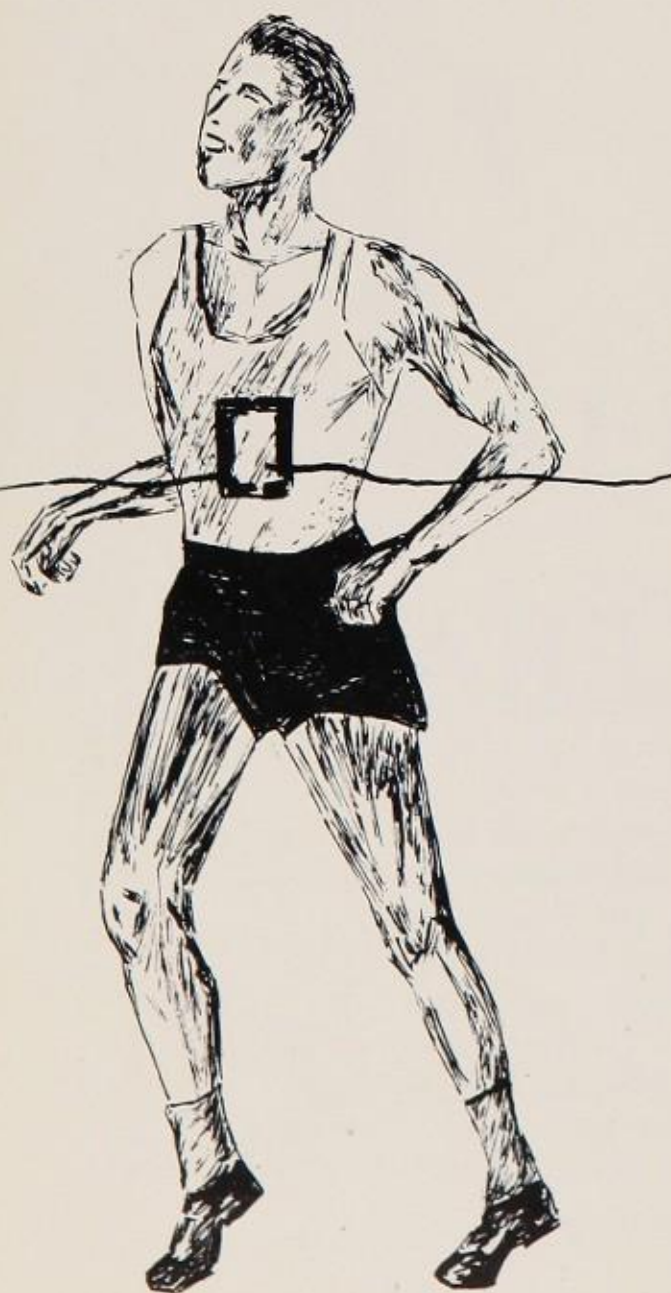

BASEBALL

Although baseball has not been among Overbrook's prominent triumphs in the past three years, we have fielded some fine teams and come through with our share of victories. The squad has given every game their best, and deserves tribute. We are looking forward to the near future when Overbrook will have its own grounds and facilities for baseball, as we are promised; then the team will not be at such a decided disadvantage in training and playing.

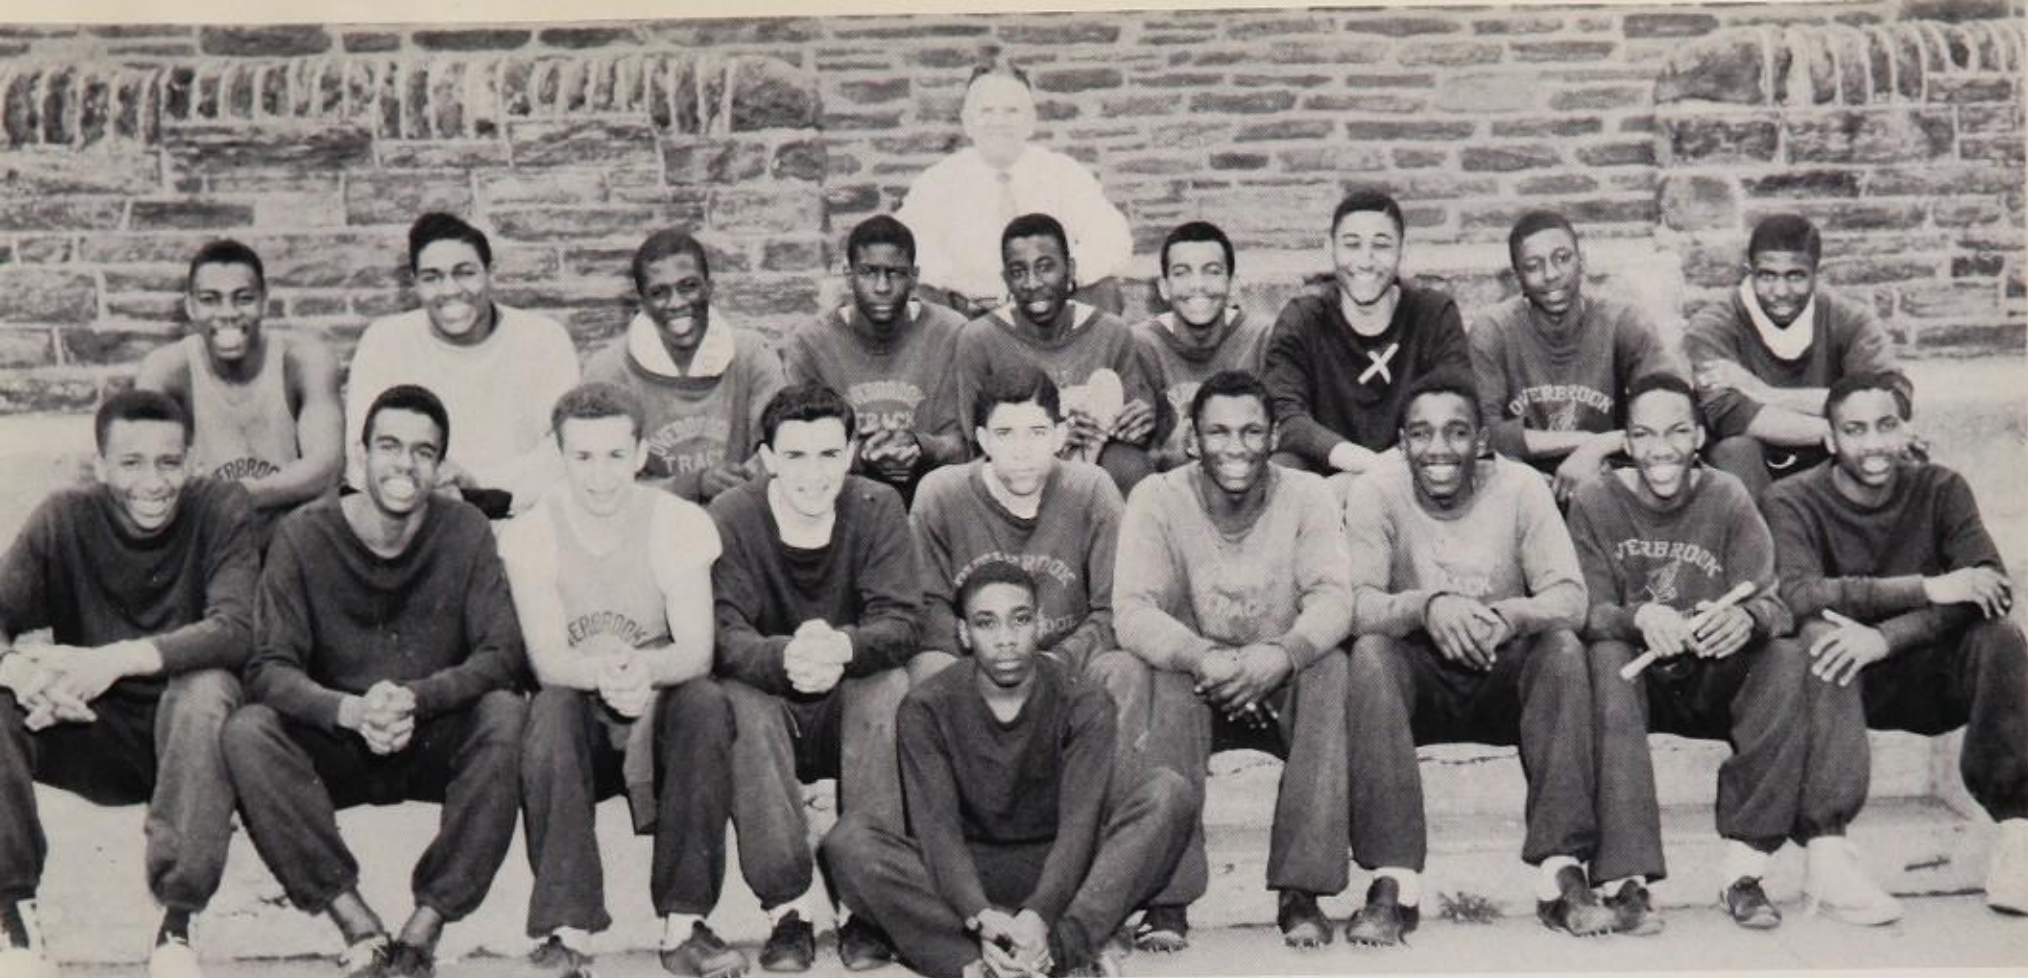

During the 1953-54 season, the team was monitored by Sam Cozen. This year, Mr. Irv Brody has taken over. Evidently, both of these men have done a splendid job, especially under the conditions of practice; we are confident that the efforts of all will be directed towards the realization of a Championship ball club.

CROSS COUNTRY

The cross country team, ably coached by Mr. Collin, has done a tremendous job in the past. Although they have been unsuccessful in their attempts against the Catholic League for the city championship, their undaunted efforts have not only captured public high school championships every year the class of June '55 has been in Overbrook but also for four consecutive years previous to this. The boys who represent the Class of June '55 on the team are: Marty Hughes and Howard Johnson, who were captains during the 1954 season. Marty has been on the championship team for three years, and Howard has been on it for two years; Tom Fitzhugh, who was on the championship team for three years; William Williams, who was on the team for two years; Charles Johnson, who was on the championship team for one year, and Ronald Lando and Joe Schwartz. They did a great job as ambassadors and we are proud to be associated with such an outstanding team. Here's hoping that the Catholic team is trailing in your dust when you cross the finish line for next year's Championships.

TRACK

Seniors of June '55 on the track team are Tom Fitzhugh, Danny Clarkson, Wilt Chamberlain, Marty Hughes, Charles Johnson, Howard Johnson, Ronald Lando, Ben Scott, Joe Schwartz, William Williams, Donald Duckett, and George Vlattas.

The members, many of whom are on other teams, have compiled an excellent record under Coach Collin:

1953—Tied Bartram for Public League Championship; won City Championship.
1954—Missed Public League Championship by $\frac{1}{2}$ point.

MR. PHILIP DEVINS—Business Manager

DR. MAURICE WASSERMAN
Literary Sponsor

Six times each semester, we are privileged to scan the latest edition of the official school newspaper, "The Beacon"—the journal with a tradition. Since its foundation, the splendid record of coverage and scoops has been maintained, and continues to thrive under the present literary sponsor, Dr. Maurice Wasserman.

In the rare event of complaint, one may contact the elected Editor-In-Chief, Sandra Weisman, who in turn will inform the responsible editor of each department, who in turn will rebuke the individual department members. By this time, however, the next Beacon will have come out, and

The journal is purchased, distributed, advertised, and publicized through the Business Staff (to which it is far more difficult to complain, because the blame may be devolved upon any of seven departments: sales, circulation, secretarial, teachers' subscription, advertising, publicity, and art). Mr. Philip Devins has implemented the high-pressure salesmanship with commendable success.

Just a brief word to dispel the rumor that another school paper is to be instituted to present contrasting opinion and comment to the concerned reader. "One newspaper under our present very capable Editor-In-Chief is sufficient"—(S. Weisman). We concur and offer thanks to all concerned.

"It's a Grand Night for Singing"

Starting out with riotous "coketail" parties, the '55ers enjoyed the greatest night of their young lives on January 14, 1955. Following the dance at the Broadwood, they filled the mid-city night clubs to overflowing, and later in the morning, crowded lively "nightcap" gatherings. What a night!

CLASS TRIP

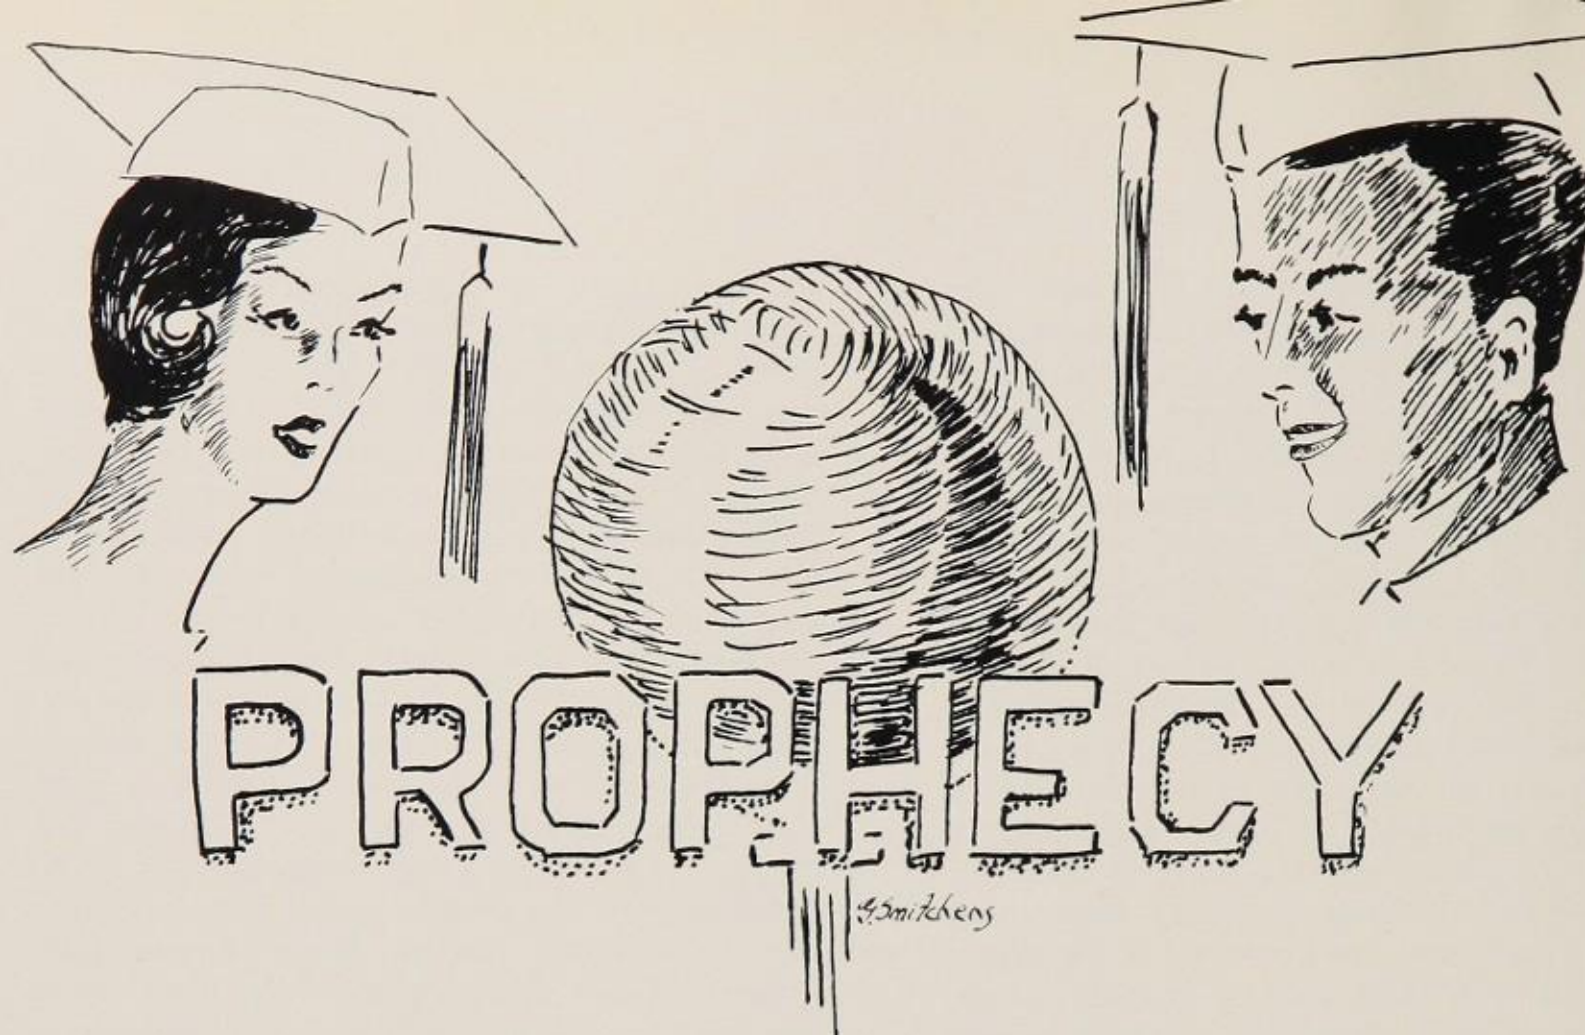

CLASS TRIP "LONELY LITTLE LUNCH-BOX ON A CLASS TRIP"

I'm Lenny Lunchbox, a little woven lunch box. Just as I was becoming accustomed to my quiet uneventful life, I was grasped, placed on the kitchen table, filled with enough food to feed an army, and put away for the night. When Carolyn Neugent called at 5 o'clock to wake Carolyn Innes and Renee Rosenberg, the ring of the telephone startled even the sleeping birds. Within the hour I heard a group of Hilltoppers singing a

chorus of "Oh, What O Beautiful Morning." Before I could say Clorinda Marucci, I found myself "Down By The Station," where I saw the orange and black colors waving. I winced as I was jarred by Eddie Richards, who was being chased by Marcia Singer. Walter Metzger, not yet discouraged, was trying to talk the teachers out of coming along. Just as the cry of "Board" sounded, Lois Lenow and Barbara Goodhart ran down the platform beside the moving train. A helping hand was extended to them by Ronny Katz and Larry Richter, who were leaning out of the window, telling them to hold tight. It was an odd sight to see them flying along beside the train. We barely had a chance to get settled before we were led in a cheer; it would have been curtains for Harry Powers and Mickee Kaback, who were mimicking the cheerleaders, had they been seen by Barbara Green, Elaine Viti, or Elaine Dowburd. In what seemed like minutes we arrived in Jersey City. By this time Howie Greef had removed the sandwiches that were jabbing my ribs. Now the excited troop boarded the boat. I was almost thrown from the shelf as Bobbie Greenberg and Judy Bookbinder daintily flopped into the seats under me; they were still puffing from exhaustion from their trot back to the train for forgotten lunches. It was a good thing they remembered in time; little did they know that Sunny Budin and Myrna Zeitlin had no intentions of sharing their lunches. I was surely glad to be on the shelf and not in the tomato fight between Howie Wool and Marilyn Steinberg. From here I could see all that was happening. Louise Shane found it difficult to concentrate on taking pictures of the Statue of Liberty because of Ira Ingerman's presence. Two dirty napkins were added to my contents as Vince Miller and Marty Hughes made two successful hook shots. Now kids were attacking my insides like a pack of vultures. Although I felt weak from the loss of food, I could see Joyce Cassel giggling while Bernie Kubert, Kenny Chapman, Eddy Hofferma, and Jules Stein serenaded June Edelstein, Eileen Zieger, Barbara Levis, and Diane Tittlebaum. The mood was disturbed by Frances Wasserman fainting because she saw Leslie Haber fall overboard. Esther Beckman got hysterical because Frances had landed on her strawberry-short cake. Then Wilt Chamberlain came to get me. Just as the altitude was making me feel dizzy, I was lowered onto a table and became the center of attraction. My insides were quickly being emptied; the same seemed to be true of Ann Myrna Cosen and Rhoda Finkelstein, who were leaning over the rail. Mary Black and Doris Jackson perfected the art of making Joan Marshall laugh every time she bit into her

sandwich. I was so engrossed in watching Burty Wittenberg doing the "Hula Ha" that I was surprised to find that we had arrived at our destination, Bear Mountain. Peasants, like Gail Forman and Eddy Fingerhood, hiked up the mountain, while the lazier class, which included Shirley Austin, Judie Gladstone, and Ruth Chait, relaxed in a bus. At the top my sandwiches were saturated as a result of Steve Sach's graceful belly-flops into the pool. I wondered why Alice D'Angelo and Pauline Gendler were eating soggy sandwiches; could it be because Bob Altieri and Howie Bolotin threw their lunches in the pool? I could hear Judy Katz yelling about her wet hair. I'm sure she had no intentions of going swimming; but Jerry Goldberg, who was already in the pool, had other ideas. Our class officers, Mayer Green, Joan Roberts, Deenie Margolis, and Joan Ricci, made sure that the teachers were enjoying themselves. After the park's resources were exhausted we were entertained by the Swing Band whose senior membership includes: Marty Sandry, Herby Odell, George Cohen, Howie Ingber, Earl Gullins, Barry Galman, and Richard Ferroni. As dusk settled the Hilltoppers bid "Auf Wiedersehen" to Bear Mountain and headed toward the boat. Dr. Lyons, Mr. Deglin, and Mr. Ruth conducted the "Last Roundup" as Barbara Chamberlain swam out to catch the boat. The peace and quiet were disturbed by Mr. Karp, who was joined by Thelma Isman, doing the Bunny Hop. We joined Joan Roberts in singing graduation selections. The voices of Pauli Wagenfeld, Harvey London, Mildred Bingham, and Elliott Gould could be distinctly heard above the rest. The crowd was fascinated as Thomas Ricci counted out the beat while Barbara Camp and Ronald Jenkins made the boat rock to a mambo beat. The mood and Diane Levin were disturbed by the luck bestowed upon her by a passing bird. By now we reached Jersey City where we boarded the train. Exhausted, Gordon Lewis, Marvin Frankil, and Harvey Stern snuggled on Mr. Karp's lap as he sung us lullabies. By the time we reached Philly, Steve Dubin's business of selling toothpicks for propping up drooping eyelids was prospering. Marilyn Lehrman cracked the whip and hinted that Arlene Wilf, Debby Kelner, and Selma Segal should get the lead out of their feet. My fears of some poor lass becoming an old maid were quickly demolished as Alan Steinberg tripped and squashed my last cup cake. I was sure glad to hear the last chorus of "Show Me The Way To Go Home" as I was returned to my habitual resting place after a wonderful day on the June '55ers' class trip.

Everything we have is yours"

WE, THE CLASS OF JUNE 1955, have had a great time at Overbrook, make no mistake about it. The past three years have been replete with thrills and excitement which have gained for this period the fitting description, "the best." For this we are grateful. To our teachers, whose industrious attempts to thrust upon us the myriad facts and notions inherent in education have sailed blissfully over most of our heads, we are grateful, too. Despite their efforts, we have managed to retain a great bit of our reason and sanity, though we admit that the struggle for survival was a tough one.

Therefore, feeling gloriously free and happy (and generous), we would like to bequeath the following items to certain faculty members:

To Mr. Burke—a free pint of frozen custard . . . To Mr. Karp—his lusty sense of humor . . . To Mr. Sklar—those "brief" assignments . . . To Miss O'Loughlin—a new jokebook . . . To Mr. Mosenson—pleasant memories . . . To Mr. Gowdy—those "red hot" tens (get 'em while they're hot) . . . To Mrs. Miller—several assorted parallelepipeds . . . To Mr. Carlisle—something different in color combinations.

To the incoming Seniors—College Boards, word wealth, plenty of midnight oil, and last but not least, many happy hours at the Free Library.

To the outgoing '55ers—thoughts of those wild class parties at the aforementioned Library, 320 empty pockets, and, most important, success.

To the Tribunal—a book of standard alibis used by clever defendants.

To the S.A. officers—satisfaction at having initiated many school improvements whose completion may come in the near future (say, 1970).

To the class officers—a barrel of soggy potato chips left over from these fabulous class parties.

To certain members of our class, we leave the following:

Al Actman—a different car to be seen in . . . *Ann Axelrod*—our deepest regrets on losing her car . . . *Freddy Gross*—a miracle car that drives itself . . . *Marie Durando*—a contract with the Phillies . . . *Mayer Green*—an autographed, life-sized picture of Mr. Karp . . . *Joyce Cassel*—eighteen unsold tickets to see the Swedish gymnasts . . . *Chick Stapler*—a complimentary pass to Hialeah . . . *Judy Bookbinder*—someone to keep her quiet . . . *Henry Berk*—a gold-plated yo-yo . . . *Ed Fingerhood*—an extensive list of unusual words not found in Word Wealth . . . *Elaine Viti*—a tent on the Penn campus . . . *Murry Swartz*—a lecture on the evils of going steady . . . *Jeanette Fitzhugh*—her own portable cheering section . . . *George Cohen*—to be able to play the piano and accordion simultaneously . . . *Sandy Orlo*—a bunch of cute college professors . . . *Dusty Bailis*—a bodyguard . . . *Elaine Dowburd*—a lifetime supply of bouncy tunes . . . *Harry Powers*—the key to Mrs. Miller's heart . . . *Marilyn Falik*—a body-building course . . . *Robert Hall*—enough money to buy out his namesake . . . *Freddy Lloyd*—a book on how to drive a car . . . *Rence Mandell*—a thousand aspirins to go with a thousand show rehearsals . . . *Walt Metzger*—a pen that writes bigger . . . *Joan Roberts*—a high note that'll raise the roof . . . *Jack Smith*—a diploma . . . *Charna Cohen*—the possibility of keeping her maiden name . . . *Barry Galman*—a brand new number system . . . *Wilt Chamberlain*—a slightly dented head (those low doorways!) . . . *Beverly Globman*—one last attempt at "coherence" . . . *Herby Goldfeld*—the 10A girls . . . *Judi Halpren*—an interpreter for her flowing script . . . *Howie Wool*—a permanent suntan . . . *Myron Perlstein*—a coconut of his very own . . . *Susie Wolf*—one more lil ol' inch . . . *Mickee Kaback*—a sympathetic listener to his arguments . . . *Judie Gladstone*—a new variety of dried apricots . . . *Eddie Richards*—a beautiful trig tutor . . . *Marcia Singer*—a struggling young trig protege.

"I hear America singing"

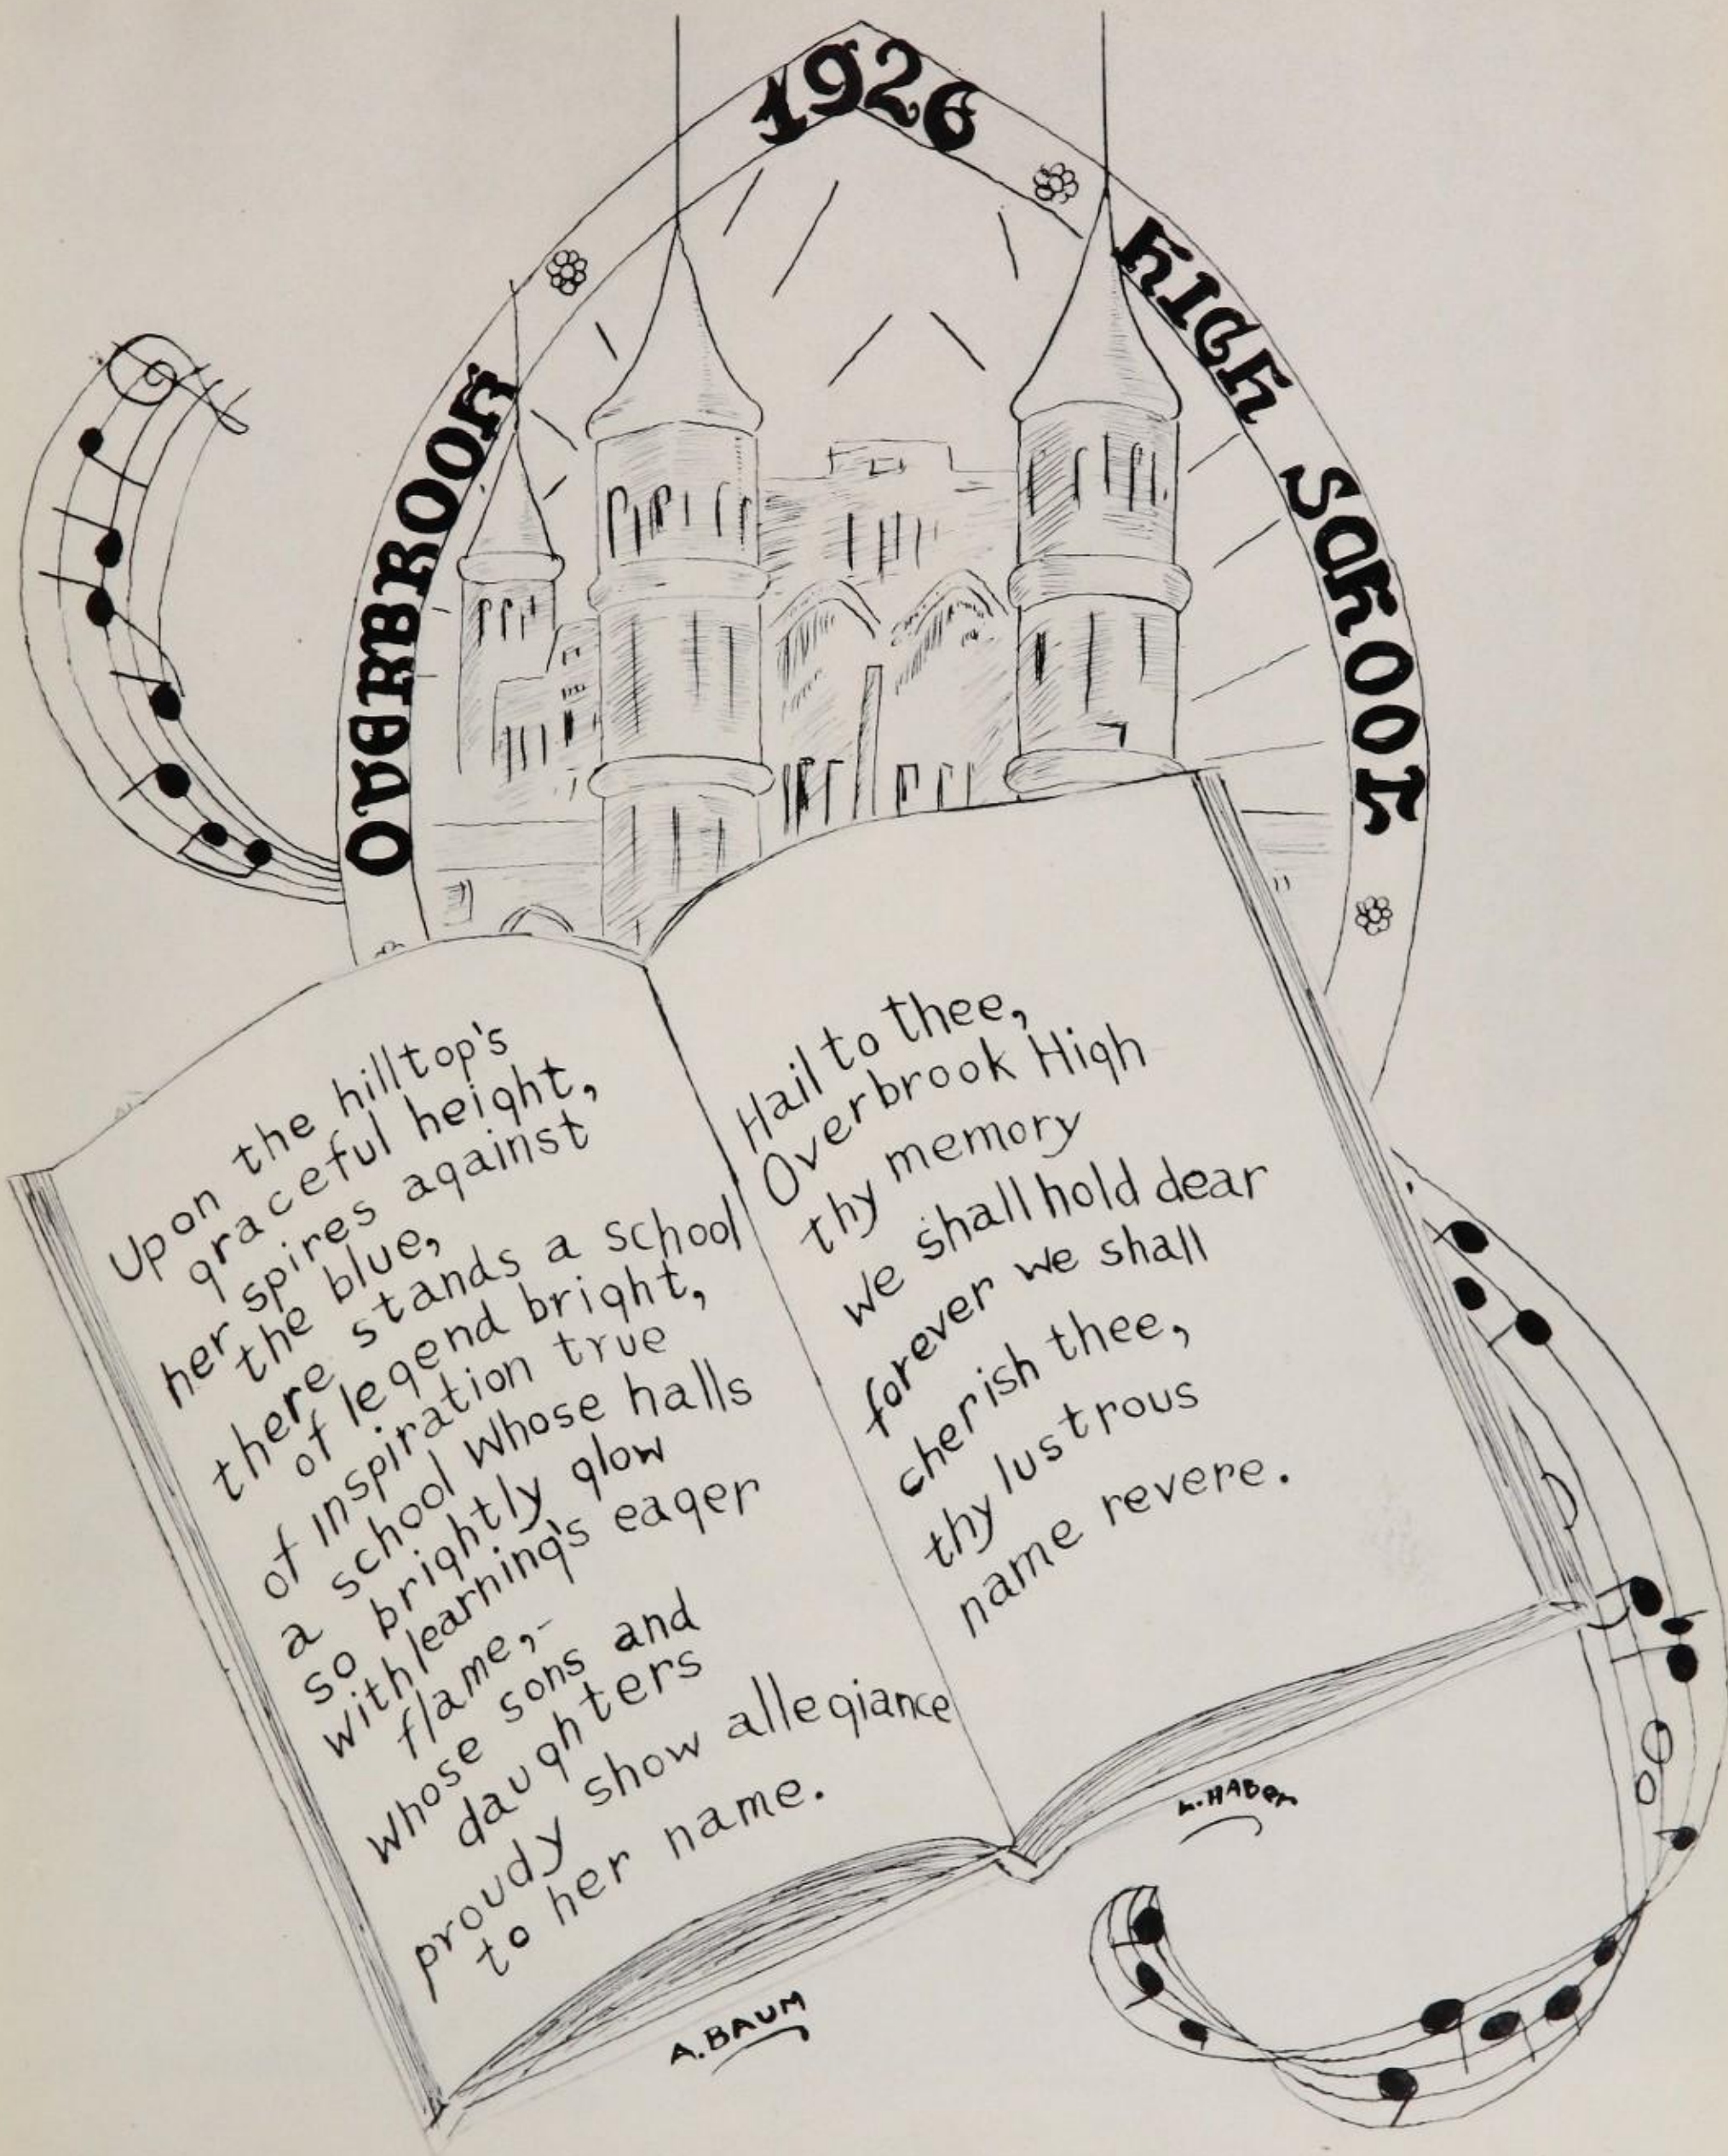

I HEAR AMERICA SINGING

I hear America singing, the varied carols I hear,
Those of mechanics, each one singing his as it should be blithe and strong,
The carpenter singing his as he measures his plank or beam,
The mason singing his as he makes ready for work, or leaves off work,
The boatman singing what belongs to him in his boat, the deckhand singing
on the steamboat deck,
The shoemaker singing as he sits on his bench, the hatter singing as he stands,
The wood-cutter's song, the ploughboy's on his way in the morning, or at
noon intermission or at sundown,
The delicious singing of the mother, or of the young wife at work, or of the
girl sewing or washing,
Each singing what belongs to him or her and to none else,
The day what belongs to the day—at night the party of young fellows,
robust, friendly,
Singing with open mouths their strong melodious songs.

HIGH SCHOOL

Upon the hilltop's
graceful height,
her spires against
the blue,
there stands a school
of legend bright,
of inspiration true
a school whose halls
so brightly glow
with learning's eager
flame,
whose sons and
daughters
proudly show allegiance
to her name.

Hail to thee,
Overbrook High
thy memory
we shall hold dear
forever we shall
cherish thee,
thy lustrous
name revere.
